

# CHILDREN CELEBRATE THEIR NEW SHED FOR TOYS

■ Jumping for joy – tots celebrate the new shed at Langham Pre-School

**TODDLERS** now have somewhere to put their toys after their nursery got £400 for a new shed. Langham Pre-School received the cash from car company Ford.

The nursery applied to the Ford Britain Trust on the advice of parent, Dennis Nowles, who

works for Ford and whose daughter attends the pre-school.

It will be used to store the toys and equipment from the nursery's outdoor play area.

Road, said: "This has helped us immensely.

"We can now store equipment in a shed in our outside play area without having to transport equipment from the community building, which is some distance away."
